

Former George Air Force Base
Public Notice of Intent to Sign Finding of Suitability to Transfer

The Air Force Real Property Agency intends to sign a Finding of Suitability to Transfer (FOST) document for approximately 825 acres of land and facilities at the former George Air Force Base. The property will be transferred to Southern California Logistics Airport Authority for commercial/industrial purposes with some recreational use at the golf course.

The FOST is the determination by the Air Force that there are no unacceptable risks to human health and the environment, and the property is suitable for transfer. An extensive review of the environmental condition of the property was completed with federal and state environmental regulatory review.

The property is being conveyed in accordance with the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) 120(h)(4). The property became available for transfer as a result of the Base Closure and Realignment Act of 1990 (Pub. L. 101-510) and the subsequent closure of George. **The public is invited to review and submit comments on the proposed land transaction during the 30-day comment period from DATE TO DATE.**

The draft FOST and supporting documents will be made available for public review at the:

Adelanto Library
11744 Bartlett Avenue
Adelanto, CA 92301
(760) 246-5661

George Information Repository
18374 Phantom West Street
Victorville, CA 92392
(760) 246-5360

The Air Force will consider written comments received by DATE
